## Hokitika Driftwood sign

Hokitika Beach Sign, 72 Beach Street, Hokitika 7810, New Zealand

An iconic landmark of New Zealand, simplistic in its conception, but iconic as the perfect snap of the setting sun over the Tasman Sea.

Don Neale created the Hokitika sign and still keeps a close eye on one of the coast's most famous photo spots.

The handmade gem is comprised of driftwood gathered up on the beach and tied together with flax. It became a permanent fixture after it was entered in the town's Driftwood and Sand Competition a few years ago.

It's just 100m from the main street and one of the most photographed places in the coastal township. "If I got a dollar for every photo that was taken, I'd be a millionaire," says Mr Neale.

Ride the steam train through native rainforest, experience the sights and sounds of a working sawmill, watch the sluice gun blast gold bearing rock and soil from the earth, then follow the races to the gold claim and pan for your own gold.

The village, with 30 shops and buildings to explore shows life the way it used to be. Catch the show in our new holographic theatre. For a memento of Shantytown nothing is better than an old-time photo.

One of NZ's greenest breweries! The all-electric brewery is supplied by 68 kilowatts per hour of solar energy! They have the greatest amount of solar panels of any New Zealand independent brewery! Beers are carbonated 100% with CO<sub>2</sub> produced from their own beers! No fossil fuel derived CO<sub>2</sub> in our brewery anymore. Eddyline were the first NZ brewery to install an Earthly Labs CiCi carbon capture machine! Water is the lifeblood of any brewery. Typically breweries use 10 litres of water for every litre of beer produced! Eddyline have worked to reduced their water usage from 1:10 to 1:4! For 100,000 litres beer that represents a water savings from 1,000,000 litres of water to 400,000 litres! They strive to continue to lower Their eco-footprint through the following:

- ✓ Installed a state of the art centrifuge & developed new techniques to use it to capture 100% of beer both pre and post fermentation.
- ✓ Use electric steam boiler for heating. Over 90% of their electricity is generated with carbon friendly hydroelectric generation plants.
- ✓ Use locally sourced ingredients as much as possible, including 100% NZ grown Gladfield malt.

 **Omaka Aviation Heritage Centre - Knights of the Sky WW1 & Dangerous Skies WW2 Exhibitions**

Omaka Aviation Heritage Centre •

Omaka Aviation Heritage Centre, 79 Aerodrome Road, Blenheim 7272, New Zealand

Omaka Aviation Heritage Centre has combined a rare collection of WW1 and WW2 aircraft with creative, contemporary display techniques, to present a remarkable, immersive experience; one that grips the senses and engages the imagination of the tens of thousands who are attracted to visit. Omaka Aviation Heritage Centre, is a world-class destination for the appreciation of historic aircraft. Not just for enthusiasts, the centre tells the story of aviation during two World Wars, the time in which the most intense period of aviation development took place.

The Great War (WWI) is the stage on which the story of aviation and the 'Knights of the Sky' comes to life. This is the personal collection of film director Sir Peter Jackson and through his generosity a series of dioramas, created by Wingnut Films and enhanced by lifelike mannequins by Weta Workshop combined to provide a museum experience, never seen before its opening in 2006. Rare memorabilia on display; the envy of any national collection ranges from beautifully crafted 'trench' art through to personal items belonging to national flying heroes such as the USA's Eddie Rickenbacker, France's René Fonck and Germany's Red Baron, Manfred von Richthofen and the infamous Hermann Goering.

The exhibition Dangerous Skies broadens the Omaka experience into the more familiar territory of World War 2, even while breaking new ground. As well as the Battle of Britain, visitors are taken on a journey through the lesser-known stories of the war on the Eastern front, including that of the world's top-scoring female fighter ace Lydia Litvyak and the most famous of all

women regiments, the Soviet 588th Night Bombers or 'Night Witches' as the Germans called them. Like World War One's Knights of the Sky, Dangerous Skies features mannequins made by Weta Workshop, and original, static and flyable aircraft in larger-than-life dioramas, capturing specific snapshots in history. Dangerous Skies underwent a refresh in 2019, with further alterations since. The main exhibition area now holds four additional aircraft, all originals and never seen before at Omaka. The first a Messerschmitt Bf108 once owned and flown by German ace Franz Stigler, the second a Lockheed Hudson, an American-built light bomber and coastal reconnaissance aircraft which has been suspended in a dramatic crash scene in the depths of a Pacific island jungle. Two aircraft from the John Smith Collection have also joined the exhibition; the magnificent de Havilland Mosquito and the famous 'Gloria Lyons' P-40 Kittyhawk.

Cloudy Bay Vineyards - Marlborough •

Cloudy Bay Vineyards, 230 Jacksons Road, Rapaura 7273, New Zealand

In Marlborough we farm 163 parcels of vines and 65 grower blocks. Those parcels closer to the Wairau River have stony, sandy and free-draining soils ideal for the iconic Sauvignon Blanc. Further south of the river in the Southern Valleys, the Pinot Noir and Chardonnay vineyards love the heavy clay-based soils. These soils and Marlborough's maritime climate work in harmony to set the stage for Cloudy Bay's captivating style of wine.

## Ohau Point Seal Colony

Ohau Point Lookout, Half Moon Bay 7371, New Zealand

Located 30 minutes north of Kaikōura on State Highway 1, Ohau Point is one of the biggest and most well-known Kaikōura seal colonies.

The viewing platform just above the breeding colony allows you to spot them from afar. Watch the fur baby seals play in the water and the adults "sunbathing" (ie laying around, doing nothing).

The New Zealand fur seal breeding time means that seals are often born between December and February. Therefore, the best time of year to see seal pups in Kaikōura is between April and September.

While getting out of your vehicle, you can immediately smell the residents of Ohau Point. Yes, they're smelly, but they're so cool!

## Watch Watch – Captain's Cabin

Whale Watch Kaikoura •

Whale Watch Kaikoura, Whaleway Station Road, Kaikōura 7340, New Zealand

Whale Watch is a multiple national and international award winning New Zealand nature-based Tourism Company owned and operated by the indigenous Ngāti Kuri people of Kaikōura, a Māori sub-tribe of the South Island's larger Ngāi Tahu Tribe. Take a journey off the coast of Kaikōura into a marine rich environment. With the opportunity to see some of the most majestic animals in the ocean, from Giant Sperm Whales, to Blue and Humpback Whales, Orca, Dolphins, Seals and an array of seabirds, this is truly an unforgettable experience. Whale watch vessels are designed especially for whale watching; these modern catamarans are equipped with engines that minimise underwater noise and toilets that never pollute the sea. The skippers and guides are very experienced in interacting with the local Sperm Whales. They have expert knowledge of Kaikōura's sea conditions and are fully trained in all aspects of safety.

The main focus of your tour is to locate and view the Giant Sperm whale. The average is between 1 to 2 whale sightings per tour due to the length of time the whales can stay submerged. The whales form loose pods, keeping several miles between each other, so viewing any more than 1 to 2 whales per trip is a real bonus.

**The Captain's Cabin** is situated in the wheelhouse alongside the captain and watch keeper. This cabin provides our guests with exclusive access to the captain as they go about their duties as well as a dedicated tour host for the duration of the tour.

- ~ Capacity is limited to 12 passengers.
- ~ Business class seating.
- ~ Seats are angled outwards to maximize views through the large windows.
- ~ The cabin is air conditioned.
- ~ Water fountain provided.
- ~ A large screen displays our award-winning marine wildlife animations.
- ~ A full tour narration is provided.
- ~ Access to all other passenger areas on the vessel.
- ~ A selection of snacks and cold drinks.

## **BIOSECURITY IN NEW ZEALAND**

New Zealand has strict biosecurity procedures at airports to prevent the introduction of pests and diseases of animals and plants.

***All food items brought into New Zealand, even the smallest amounts, need to be declared. Tourism New Zealand recommends that you do not pack any food products for your trip.***

Any food you are provided on the plane needs to be left on the plane, disposed of in one of the airport disposal bins or declared.

Any hiking shoes, sporting or camping equipment you bring should be declared at the border where they will be checked for soil, plant matter and seeds. We recommend that if you are bringing these items, you pack them in an accessible place.

It is not illegal to bring these items into the country as long as you declare them on the passenger arrival card you will be given on the plane. Failing to declare food, plants or equipment that may carry soil or plant matter, may result in a fine. For detailed information please go to the New Zealand Customs Service site at:

<http://www.customs.govt.nz/features/prohibited/imports/Pages/default.aspx>

## **CURRENCY**

The currency of New Zealand is the New Zealand Dollar. Major credit cards are widely accepted in hotels, banks and shops. ATMs accept cards that are part of the Cirrus, Maestro or Plus systems that have a four-digit PIN encoded. Check with your bank before departure if you are unsure of the international status of a card you plan to use in New Zealand.

## **GOODS AND SERVICES TAX**

All goods and services purchased in New Zealand are subject to a 15% GST, which is usually included in the displayed price. Visitors cannot claim refunds on this tax, although if a supplier agrees to export an item to a visitor's home address, GST is not charged on the goods or freight.

## **DEPARTURE TAX**

A \$NZ25 departure tax is included in your flight tickets.

## **TIPPING**

Tipping in New Zealand is not customary – even in restaurants and bars. However, tipping for good service or kindness is at the discretion of the visitor. Hotels and restaurants in New Zealand do not add service charges to their bills except on public holidays.

## **QUALMARK**

Qualmark is the world's first comprehensive quality assurance programme dedicated to the tourism industry and is New

Zealand tourism's official quality mark. Most of the accommodation, attractions, activities and transport in your itinerary are Qualmark endorsed. For further information visit [www.qualmark.co.nz](http://www.qualmark.co.nz)

### **DRIVERS LICENCE**

If you have indicated you are willing to drive on the family please bring your current drivers licence (if with English text), an official English translation or an International Drivers Permit. This is required by New Zealand law. All drivers must also read the 'What's different about driving in New Zealand' (link below). <http://www.nzta.govt.nz/resources/whats-diff-driving-nz/>

### **DRINKING AND DRIVING**

New Zealand has strict drink driving laws. We recommend that you designate a sober driver for each vehicle if your group is travelling after drinking.

### **SMOKING**

Smoking at airports is not allowed in terminal buildings. Most hotels no longer offer smoking rooms. Smoking inside public restaurants and bars has been prohibited.

### **HEALTH AND SAFETY**

New Zealand is generally a very safe place in which to travel. However, you should take the same precautions here as you would at home to protect your valuables and keep yourself safe. Take copies of your important documents (like your passport and credit cards), and keep them separate from the originals. You should also keep a record of the description and serial number of valuable items (like digital cameras). Always lock your accommodation and vehicle and keep windows secure when you're not around.

Don't carry large amounts of cash or expensive jewellery. If withdrawing money from a machine, withdraw small amounts only - preferably during the day and shield your pin. When out at night, keep to well-lit places where other people are present. Don't take short cuts through parks or alleyways. Travel with someone you know. Store valuables securely, ideally in a safe at your accommodation. Never leave valuables or important documents in parked vehicles. Never leave bags, backpacks, wallets or cameras unattended in any public place, especially airports, ferry terminals or bus/railway stations.

### **EMERGENCY INFORMATION**

In the unlikely event of an emergency, your Tourism New Zealand host will be able to advise you.

If you are unable to contact your Tourism New Zealand host, please contact the Regional Tourism Organisation in the region you are visiting.

The emergency telephone number in New Zealand is **111**. It is a free phone call. If you have an emergency and need a quick response from the Police, the Fire Service, Ambulance or Search and Rescue, dial 111.
